

NEWS! TERMINI™ STAND FOR EASIER PLACEMENT IN THE COUPE

With DEFA Termini™ Stand it's now easier to place the heater safely in the car without the need to screw brackets.

Connect the metal clamp and plastic bracket then slide the heater in place until you hear the locating click. You can place the stand under the floor mat and use the supplied Velcro straps for extra fitting if desired. Then you'll start your journeys with a preheated coupe and ice-free windows.

Happy driving!

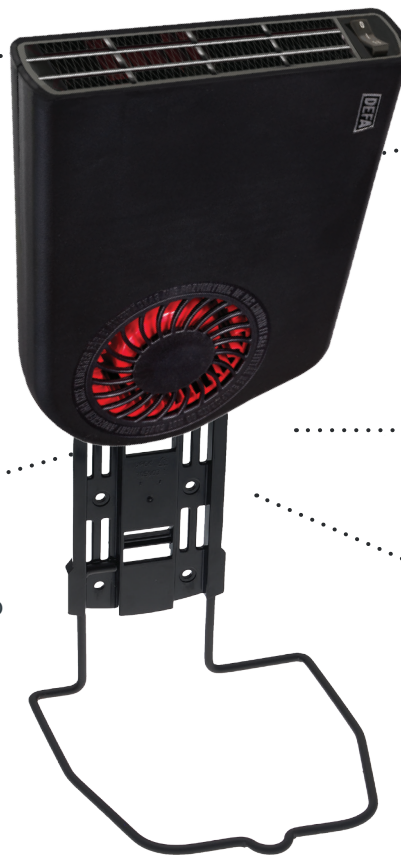

FLEXIBLE TO ALL TERMINI INTERIOR HEATERS
Alternative solution to standard fixing bracket.

MULTI USE
Use Termini in your caravan, cabin or on your tractor.

QUALITY
Metal construction.

EASY INSTALLATION
With two velcro band attached to a fixed part in the car coupe.
